

Easy Dog Entries

Bringing Dog Shows into the 21st Century

Announcing the END TO END Show Management System

Before the Show

Online entries flow directly into our catalogue system, which can be individually tailored for your needs. Paper entries can be easily added to your shows by you or your cataloguer, meaning that all entries for the show are in our system. This enables all the features of our system below to be fully utilized by you. The judges names can now be entered into the system, and will flow through to all the downloads.

Once the show is closed the following downloads will be available for printing - all completely free!

- Spreadsheet containing all the details of entries, exhibitors & finances.
- Catalogue which is an editable word document and can be tailored to suit your needs.
- Stewards Sheets in NSW or SA & VIC format.
- Judges books.
- Breed entry numbers for exhibitors which can be posted on social media sites.
- Exhibit number cards, numbered and ready for printing or emailing to exhibitors direct from our system. When they are emailed you can click one button and send them to all exhibitors that entered online along with the breed entry numbers. For the entries that came in the mail their numbers will be emailed to the secretary along with a list of which numbers belong to which exhibitor.
- Exhibitor address envelopes, ready for printing if exhibit cards are to be mailed or collected at show. This comes with a complete list of which exhibit cards go in which envelopes. Just insert envelopes to your printer and print.
- Best of Breed & Challenge certificates, these are ready for printing before the show so judges can sign.
- Running sheets.

On the day of the Show

- The results system. Our unique results system now enables you to log in from the show and enter results as they happen. By entering the placings, the catalogue will be automatically marked and available for viewing and easily printed for the judges.
- Challenge Certificates. Using the results system the Best of Breed and Challenge certificates can be finished off at the click of a button, just print them as you go.

After the Show

- Simply print off the marked catalogue, and the results sheet and send your controlling body, or email them.

So, you now have a system at your disposal to truly streamline your next show, and all of the above is absolutely free!

If you want to make life even easier we can print and supply all the pre-show downloads, including the catalogue, and even take the mail entries for you, just get in touch with us for a really competitive quote.
