### **For the Excellence Event:-**

**Dogs and people must be super fit to compete this event. Dog needs to be vet checked within 2 weeks prior to event and a copy handed to Judge on Saturday morning before commencement of event, event incorporates layover minimum of 10hrs to ensure compliance with rules of event you must carry all of your dogs and your own equipment into the forest, on arrival you will not have access to your car as it is left at the forest entrance, everything you need you will need to take with you, you pack in 32kms camp and then pack out 32kms at second camp site. Dogs and backpacks weighted at entrance before they set out on their final leg equipment check will be conducted to ensure everything you carry is carried out including dog waste, thus event will be completed as 1 trip. At any time if the Judge believes you or your dog is struggling you will be unable to continue and if medical attention or vet assistance is needed you will be disqualified from event. If dog is able to continue and person is injured or ill, then a substituted person can be used and the dog is able to continue the event. Trail markers will be out on track with check points set up you will need to check into every check point and dog will be inspected.**
